EXPERIENCE

Vetsource — Portland, OR (Remote) *June 2022 - Present*
Product Designer

- Partner cross-functionally with product managers, designers, and engineers to deliver seamless, end-to-end solutions across B2B and B2B2C platforms
- Support more than 7,000 veterinary practices by optimizing daily clinical workflows and enhancing e-commerce experiences
- Leverage a centralized design system to produce cohesive, on-brand product marketing and in-app content using Figma and Intercom, ensuring consistency across customer touchpoints
- Conduct qualitative and quantitative user research to uncover client insights, translating findings into data-informed improvements that enhance overall product experience and usability

Labcorp — Burlington, NC (Remote) *May 2021 - August 2021*
Junior Product Owner Intern

- Led the organization and optimization of the product analytics experience using Pendo, successfully implementing tracking across 12+ newly tagged pages to improve data accuracy and user behavior insights
- Enhanced product analytics by improving data collection accuracy and developing clearer, more actionable visualizations to inform product strategy and decision-making

SPQR Research Laboratory — Ann Arbor, MI *July 2020 - December 2020*
Website Design and Marketing Intern

- Designed and developed new web pages while enhancing existing features using HTML, CSS, JavaScript, and Bootstrap, improving functionality, performance, and overall user experience
- Ensured all features met Web Content Accessibility Guidelines (WCAG) standards, implementing accessible design and development best practices to support inclusive user experiences

SKILLS

Design — Adobe Photoshop and Illustrator, Design systems, Figma, Interaction design, Prototyping, Wireframing
User Research — Affinity diagramming, Data analysis, Card sorting, Personas, Scenarios, Surveys, Usability testing
Technical and Misc. — Content Creation, CSS, GitLab, GitHub, HTML, JavaScript, Product Marketing, Python

EDUCATION

University of Michigan — Ann Arbor, MI
Master of Science Information - UX Design, Bachelor of Science Information - UX Design
Minors: Statistics and Entrepreneurship

- Served as both Graduate Student Instructor and Instructional Aide, supporting faculty by leading class sessions, developing instructional materials, grading assignments, and delivering a high-quality educational experience

PERSONAL ACHIEVEMENTS

Marathon Runner — 3-time marathon finisher and active participant in the Metro Detroit running community
Trivia Host — Part-time employee of Sporcle Inc. for two years, hosting weekly bar trivia in Royal Oak and Detroit, MI
